## About RBI Endowment Unit

The Reserve Bank of India Endowment Unit was setup in the year 1977 at the Faculty of Commerce's Department of Banking and Insurance, The Maharaj Sayajirao University of Baroda. It was established with the goal of conducting advanced research and doctoral programmes in Banking, Finance, and Economics. In the state of Gujarat, this is the first RBI endowment unit established at a university.

The activities of the Reserve Bank of India Endowment Unit are funded through a corpus of Rs. Four crores granted by RBI to the university. The unit is supervised and reviewed by the Department of Economic Analysis and Policy, Reserve Bank of India, Mumbai.

Under its research fellowship programme, the Reserve Bank of India Endowment Unit has so far produced several PhDs. The unit's scholars have published numerous research papers in prestigious international and national peer-reviewed journals. The unit has also published several books and monographs. and has hosted several national seminars and workshops. Annually, the unit also hosts talks on the union budget by distinguished experts in the area of banking and economics.

Dr. Dinkar Nayak, the unit's Chair Professor, is now in charge of the unit. Dr. Ketan Kothadia and Ms. Rubina Barodawala are working as research supporting staff.

## 9. Public Lectures Organised

A public lecture on “*Budget 2020-21: Banking Reforms - The Way Forward*” was held under the aegis of Department of Business Economics, Department of Banking and Insurance and RBI Endowment Unit of The Maharaja Sayajirao University of Baroda on the 8th of February 2020.

The lecture was delivered by Dr. Surekha Marandi former Executive Director of RBI, Mumbai. She spoke on a few highlights of the budget about the banking reforms as well as financial reforms. Her address included a few positives of the budgets stating that the government has not gone beyond the dividing line of expenditure as well as it did not cut the government spending.

The states will get a 50% cut in the allocation of resources because of the non-expansion of budget especially the southern states. Whereas the government also introduced non- tax sources for countercyclical buffer such as disinvestment of LIC, Initial Public Offering of LIC, disinvestment of 1.33 trillion from telecom sector through AGR receipts and other means.

However, there was no specific policy to target the stress-ridden real estate sector and NBFC sector which lead to market disappointment. Secondly, there was no rural stimulus (spending) in the budget which will reduce the FMCG growth. Subsequently, she talked about financial inclusion and provided a deeper insight into the scheme implemented by the RBI and the government to increase agricultural

credit.

Through financial inclusion, the government has made the utmost efforts to provide banking facilities via various ways to reach all the villages in the country. This lecture was attended by all the postgraduates and diploma students of the departments involved as well as others. Towards the end of the lecture, there was a question-answer session.

All the students were involved and asked many questions related to RBI, to banking sector reforms especially the bank mergers and insurance to which madam speaker responded felicitously.
