Disability Resource Centre

Where every ability finds its way,
success is inevitable

There is no greater disability in society, than the inability to see a person as more.

The Maharaja Sayajirao University of Baroda

presents

Disabilities In Harmony

Disability is not a pause in life's music; it is a different rhythm. When we listen with empathy and move with understanding, harmony is not just possible—it becomes inevitable.

Join us in this initiative, to make our university a better place for those who are differently abled.
