In a moot court, new knowledge and experience is acquired by students. It connects the law student to real court experience. The moot court experience for law student develops the ability to identify the legal subject, research on case laws, prepare plead arguments and develop argumentative skills, art of rebuttal and surrebuttal, learn the Court etiquettes, respond to the queries raised by the judges and much more.

The Bar Council of India, vide its revised curriculum for three year and five- year law course for implementation, has specifically issued a direction pertaining to:

- Moot court, pre-trial preparation and participation in trial/proceeding observance of trial in court.
- Attaching with the chamber of the senior advocate

Apart from college life, living in a hostel is like learning to live your life in your own way. Life in a hostel makes a student self independent. I am so much thankful to all the faculty members, visiting faculties and staff members of the BSLs for their guidance and cooperation during those days. Thank you.”*

**Sagar Parikh, Chief Judicial Magistrate and Additional Senior Civil Judge**

*“One of the very first integrated law schools of Gujarat, its approach towards its students has been always responsive to the needs and challenges of the profession in 21st century. Every day of my student life in BSLS has been truly a learning experience.”*

**Raj Mehta, Senior Executive - Legal, L&T Technology Services Ltd., Vadodara.**

*At the outset I am grateful to this institution for giving me a platform to express my gratitude towards what I am today. This is the faculty where I have grown as a student, person, professional and Lecturer in the span of Eight years. This faculty has inspired me to become a better version of myself. As we know sapling needs proper care and attention for growing into a fruitful tree, the same way I and many more were provided such extra care and attention by all faculty members.... Whatever in this short span I have achieved, it is because of the teachings and practical knowledge provided by the Faculty. It is only because of this pious institution and its faculty members, I have rediscovered myself as a better person. This faculty has achieved heights in imparting quality education with prime focus on holistic learning and inculcating competitive abilities in students like me. Like many others I am proud to be its alumnus. I hope and pray, the faculty will create many more young Lawyers, Judges, Jurists Professionals and Academicians.*

*“Knowledge imparts politeness which in turn gives worthiness. From that worthiness one earns a living. That wealth leads to the path of virtue which in turn gives happiness. The teaching faculties of MSU are like an unfathomable gold mine of knowledge. It is up to the students to dig and retrieve the treasure. They have always inspired hope, ignited our imagination and instilled in us a love for learning. And as rightly observed by Henry Adams, "A teacher affects eternity. He can never tell where his influence stops." I'll always be grateful to the Faculty of Law which helped me in carving out my overall personality and perpetuated my growth in all spheres of life.”*

**Prakruti Jain, Civil Judge and Judicial Magistrate**

I am amongst the few who have been privileged to be part of the esteemed Faculty of Law of our great MS University of Baroda. The journey turned memorable and rewarding when the education was imparted by knowledgeable, affectionate and veteran professors of the faculty. Their consistent guidance and involvement assisted the students to create strong foundation for their future success and growth. As a result of such dedication, a large number of students, from the faculty, are shining at various places in the field of law such as practise, judiciary, university, corporates etc. It is noteworthy to mention that almost each of us can never forget the best and lifetime memories of thoughtful interactions with our professors, seminars, moot courts and many more experiences as a law student. I wish to state that our flagship Faculty of Law has created new avenues of success for all the committed law students. Thank you! Best Wishes and Sincere Gratitude for my Faculty of Law!

## Technology, globalisation challenge for constitutional law

### SC Justice Delivers Dr B R Ambedkar Lecture

TIMES NEWS NETWORK

**Vadodara:** Justice D Y Chandrachud of the Supreme Court on Saturday said that freedom to define ourselves on our terms has been compromised by complex algorithms exposing ones sensitive information to third parties for commercial interests. He was delivering the Dr B R Ambedkar Chair lecture on Constitutional Law: New Challenges at Prof CC Mehta auditorium on Saturday.

Justice Chandrachud focussed on the two key phenomena - advanced technology and globalization - that have come up as new challenges towards the constitutional law.

Talking about technology, he said that the problem arises as technology changes exponentially but social, economic and legal systems change incrementally. "Privacy of individual is at the heart of technology and legal debate. There are five broad themes on challenges posed by technology on the con-

**D**uring his lecture Justice Chandrachud also reminisced his family's connection with the erstwhile Baroda state and the royal family. He said his grandfather Dr R B Chandrachud was the chief medical officer of the state hospital (now SSG Hospital) and the personal doctor of Maharaja Sayajirao Gaekwad III. He also mentioned how his father, ex-CJI Y V Chandrachud spent his childhood days at 'Dhanvantri' (currently the official residence of vice-chancellor MSU, TNV).

He further said that this raises many ethical, legal and social issues, state functionaries are using uncharted territories which were previous in state's control.
