

## VISION

To be a pre-eminent centre of learning and research in the field of textiles, design development, garment construction and technology.

## MISSION

Create an environment of exclusive professional experience which is conducive to learning, fostering a desire to experiment with new ideas, exploiting state of art technologies in developing new fabrics and designs while retaining the traditional and indigenous textile arts and techniques.

Empower students with knowledge to make them confident and the most sought after work force in the field of clothing, textiles and design and contribute to society at large.

## ABOUT US

From the humble beginnings in December 1948 the Faculty of Family and Community Sciences, earlier known as Home Science, has evolved into a leading institute encompassing dynamic fields of study.

The Department of Clothing and Textiles, a constituent of the Faculty of Family and Community Sciences has had its modest beginning in the year 1956-57. The department has a unique curriculum which offers integrated programme of fashion, clothing, textile, design and science. It was the first premier institute to offer a Masters and Ph.D in Clothing and Textiles in the year 1962 and 1969 respectively in the country. It was also amongst the first to offer a B. Sc degree in Fashion Designing since 2003. The department has aimed to equip students with necessary proficiencies in anthropometry, apparel design, garment production, textile science, traditional costumes and textiles, CAD technologies etc. to prepare them for careers in textile and fashion industry, research, academics, extension and outreach programs. The Alumni of the department has established themselves at top notch positions in the field of teaching, research, extension, industry and business.
