THE MAHARAJA SAYAJIRAO UNIVERSITY UNION

ANNUAL REPORT 2020-21

The Maharaja Sayajirao University Union is a statutory corporate body of the students and teachers to promote academics, social interaction, sports and cultural interests amongst the students of The Maharaja Sayajirao University of Baroda.

The Maharaja Sayajirao University Union has constantly organized events such as elocution, debates, cultural evenings, concerts, literary, arts and sports events as a part of the Youth Festival with a specific theme every year to maintain active interaction between the students of the University, providing them opportunities for holistic development.

The unprecedented contingencies that we as a world were experiencing since December 2019 and especially as Indians since March 2020, because of COVID-19 had also challenged the higher education institutions to rethink not just their curricular structure but also the extra-curricular activities in absence of the students on campus, due to imposition of stringent restrictions on travel, social interactions and access to public spaces, so as to contain the virus.

Thus, in absence of a student's executive committee for the given year, the President then floated the idea of volunteering. 230 students of the University registered online as volunteers through Google form to work towards the listed objectives of the union as per the university handbook. About 100 volunteers could manage to come offline to plan, promote, organize and document student-centered programs/initiatives at the Union.

The University Handbook [UNDER SECTIONS 4 (19) (c) AND 24 (1) (xi)] has the provision of a Union. The ordinance 59 stated as below served as directions to turn this crisis into opportunity by doing the same things in a newer way, or all together doing newer things. The listed union objectives were revisited and made functional during the times of pandemic.

Name of the Union

O. 58 The Union shall be called “The Maharaja Sayajirao University Union”.

Aims and Objects

O. 59 The aims and objects of the Union shall be:—

- (i) To hold debates so as to enable students to learn the art of debating,
- (ii) To arrange public lectures so as to stimulate interest in cultural and public affairs,
- (iii) To promote social intercourse amongst the students of the Union by developing the Union as a club for the students,
- (iv) To further the academic and social interest of students generally by maintaining a library, a reading-room, a writing-room, a games-room and a refreshment-room,
- (v) To maintain a co-operative store and a co-operative bank,
- (vi) To develop a sense of social service

Although the Union have altogether six objectives but only the first three objectives could be worked on in this calendar year 2021 while objective 4, 5 and 6 had mainly offline based activities and hence could not be made functional, due to restrictions of travel for COVID 19 and almost all volunteers residing beyond city limits.

The Union Advisory Committee (as per O.66) for the year of 2020-21 consisted of the following:

1. The Patron: Prof. (Dr.) Parimal Vyas
2. The President: Dr. Reena Bhatia
3. The Treasurer: Mr. Praful Gohel

The following post of the officers of the Executive Committee of the Union remained vacant since no elections could be held due to restrictions of the COVID-19 Pandemic.

1. The Vice-President: Vacant
2. The General Secretary: Vacant

The student volunteers to fulfill the first three objectives of the Union had organized a plethora of events in a span of 9 months i.e. during the period March-December 2021 reaching out to the students through online and offline platforms fetching a participation of more than 4000 students giving opportunities to at least 35 students to coordinate these events. A calendar of events organized is given in Table-1. Also, it is worth knowing that the events were witnessed by many renowned guests from the field of environment, entertainment, education, public administration, sports, spirituality, law, social services, management and many more, invited from both within and outside the university. The students got an opportunity to listen and interact with these prominent figures through online or offline modes as per the permissions granted and protocols followed for the COVID-19 pandemic. A list of Speakers/Guests, Jury members and Winners of the various events is listed in Table-2, 3 and 4 respectively, each distinct to the nature of its objective.

Following are the major highlights and achievements of the Maharaja Sayajirao University Union as an integral and indispensable central facility of the University.

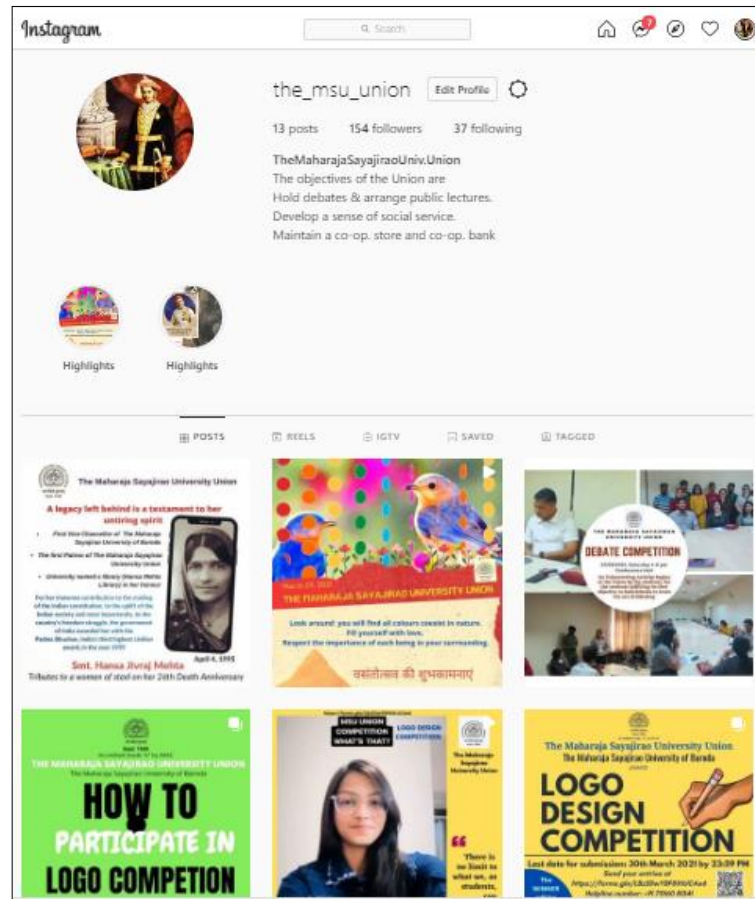

1. Digital identities of the Union was established on January 12, 2021 on different social platforms along with institutional email id created as follows. Regular posts on all platforms were simultaneously posted throughout the year. These were Commemorative, Informative, Promotional, Greetings, and Event Coverage posts totalling up to 125 with the aim to constantly engage and reach out to students through the commonly used media platforms.

2. Pandemic gave an opportunity to revisit the objectives of the Union which were framed during its foundation years in 1949 to be fulfilled with a newer perspective and structure. Volunteering served as a good option to help students identify their strengths and overcome their weakness by losing self in the service of their fellow students. Building the Road Map 2021 for the Union activities was effected along with team building exercises in February. Each member was given the opportunity to do a SWOT analysis of self to help them gauge their present skills and develop new skills thus contributing to their best of abilities and exploring the possibilities of becoming the best version of self just by giving one's times, efforts, and skills.
3. A structure of one Team Leader and two Communication Leaders (Verbal and Written) to lead each objective along with one or more co-ordinators for each event organized by the respective objective gave the students opportunities for experiential learning which included several skills and virtues but not limited to, ability to work with people with different management styles, building leadership qualities, confidence building, time management, communication skills – Oral / Written, professionalism, respecting diversity, understanding

work ethics, learning new skills, managing public relations, being flexible, planning and organization, problem solving, documentation, report writing, meeting deadlines, constructing feedback mechanisms etc.
